Quiz 43
Practice Quiz, 2 questions

2/2 points (100%)

✓ **Congratulations! You passed!**

[Next Item]

✓ **1.** Using 'inject' function in the 'beforeEach' method, what is function's full name?

1 / 1 points

○ Mr. In Ject

○ angular.inject

◉ angular.mock.inject

Correct
Correct.

✓ **2.** What does the $controller do?

1 / 1 points

○ It's a custom service you can create for testing.

○ It's an Angular testing service that tests controllers in our application.

◉ It's a standard service that AngularJS uses to instantiate controllers in our applications. We can use it ourselves to instantiate the controller we are testing manually.

Correct
